## Denver jetCenter Joins Air Elite® Network

### Award-Winning FBO brings a Stellar Reputation to the Diamond Service Designation

**Orlando, FL** (October 21, 2014) – At the National Business Aviation Convention & Exhibition (NBAA 2014), World Fuel Services announced that Denver jetCenter, located at Centennial Airport (KAPA) in Englewood, CO, has joined the growing Air Elite® Network. Denver jetCenter has recently become an Ascent fuel branded member of the World Fuel Services Network and is now an Air Elite Diamond Service designated FBO.

Part of the jetCenters of Colorado chain ([www.jetcenters.com](http://www.jetcenters.com)), which was voted a 2014 Best Small FBO Chain by Professional Pilot Magazine, Denver jetCenter has been serving business and general aviation clientele with stellar service and amenities since 1979. Denver jetCenter is consistently recognized by industry publications and the flying public as one of the nation's best FBOs. In 2014, Aviation International News recognized the FBO as one of the top FBOs in the Rocky Mountains region. Denver jetCenter also was ranked in the top 15 best US FBOs in the 2014 Professional Pilot Magazine's annual PRASE Survey.

The five conference rooms, free wireless internet, and ground transportation options, coupled with its location just 12 miles from Downtown Denver, Denver jetCenter is an ideal arrival point for business aviation passengers. Furthermore, Denver jetCenter counts with on site U.S. customs services, heated transient hangars and the largest fleet of fuel trucks and Deicers (Type I & IV) at the Centennial Airport.

"[Denver jetCenter] is one of the best in the business. Their distinguished reputation for outstanding customer service and amenities embodies the spirit of Air Elite. We are thrilled to have them as a new Ascent branded FBO and now welcome them to the Air Elite Network" said Owen Busch, Vice President, FBO Sales of World Fuel Services.

"We look forward to be a part of the Air Elite Network. Having served more customers over more years than any other FBO in the region, we are confident Air Elite provides an excellent platform which will enable us to enhance the high level of service and amenities our customers have come to expect," said Jason Ponchetti, General Manager of Denver jetCenter

With the addition of Denver jetCenter, the Air Elite Network now has 31 locations world wide. The network was established in late 2011 and each FBO must meet a number of airport, facility and service quality standards to qualify for membership.

About Air Elite®

Air Elite® is the global network of uniquely exceptional fixed-base operators (FBOs) delivering "diamond level" customer service. This premier network earns brand recognition and customer trust by benchmarking on legendary customer service, and by ensuring that each location follows high quality standards. With established product and service standards, customers can consistently experience "best in class" service at every Air Elite facility around the world.
