New FBOs in Mexico, the Caribbean and South America improve network connectivity for operators traveling in Region and around the globe

São Paulo, Brazil (August 12, 2015) –World Fuel Services' Air Elite[®] Network has expanded to new locations in Mexico, the Caribbean and South America in 2015.

With the addition of seven new locations to the network in 2015, the Air Elite Diamond Service membership has grown significantly throughout South America. Currently, ten FBOs locations operate as part of the Air Elite Network to service business and general aviation (BGA) operators traveling in the region, increasing the total membership to 45 Air Elite Diamond Service locations worldwide.

The growth of this *uniquely exceptional FBO* network allows for better connectivity and servicing of the BGA flight operators and aircraft access to Air Elite Network locations as they move between Mexico, the Caribbean, and South America. Furthermore, when selecting Air Elite Diamond Service locations, operators are able to enjoy FBOs that benchmark The Ritz-Carlton philosophy of customer service, earn elevated FlyBuys loyalty rewards, and arrive with confidence of the strictly enforced facility standards for their aircraft and passengers.
